## COME TOGETHER

### ✓ Created Master Inventory Spreadsheet (DCR-INV-001)

#### ✓ Vetted all Master Inventory Spreadsheets vs wvOASIS reports

- Corrected data so that everything matches. (Tag#, SN#, Acq Date, Cost, Custodian Code, Location Code, Fixed Asset #, Status)
- **Do not change data in rows that have a FA# unless its STATUS or NOTES or LOCATION WITHIN YOUR FACILITY**
- Vetted those assets in wvOASIS that did not match anyone's inventory spreadsheets and added to the spreadsheets (in NOTES see Mandy added...)

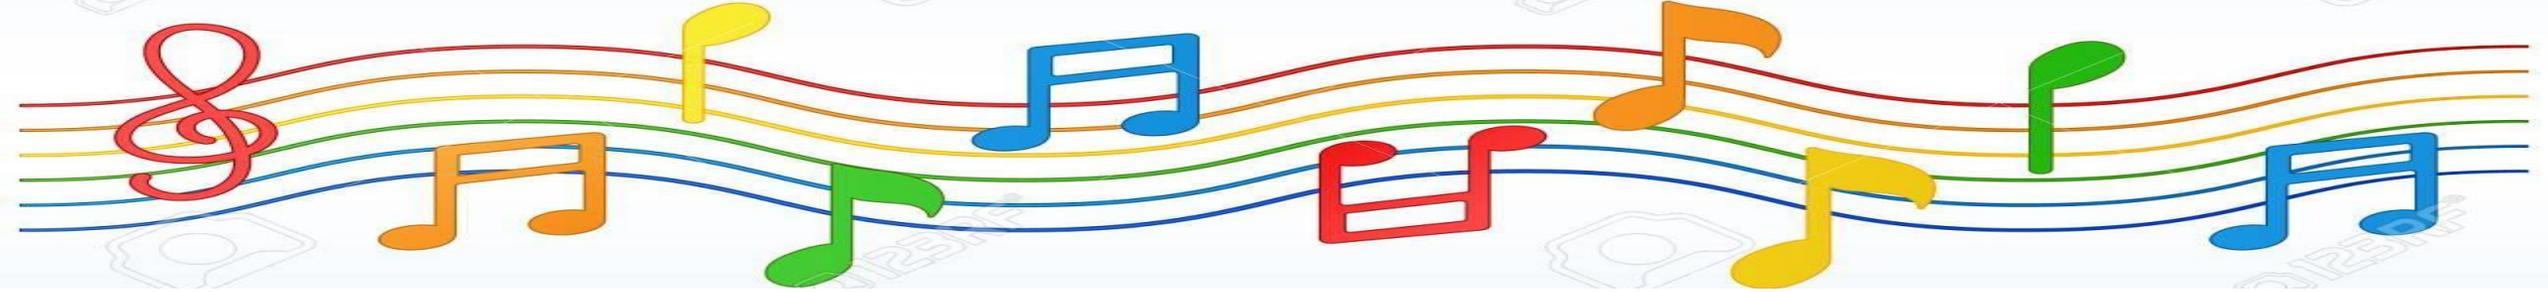

## COME TOGETHER

- ✓ **Created Asset Retirement / Transfer Form (DCR-INV-003)**
  - ✓ Standardized this form so that you can copy the rows from Master Inventory Spreadsheet and just paste into this form and then add the Physical Condition.
  - ✓ Created the form to track asset Transfers from one facility/work unit to another.
  - ✓ Do Not use this form if retiring OT related items. You must use the OT forms and the WV103 form.

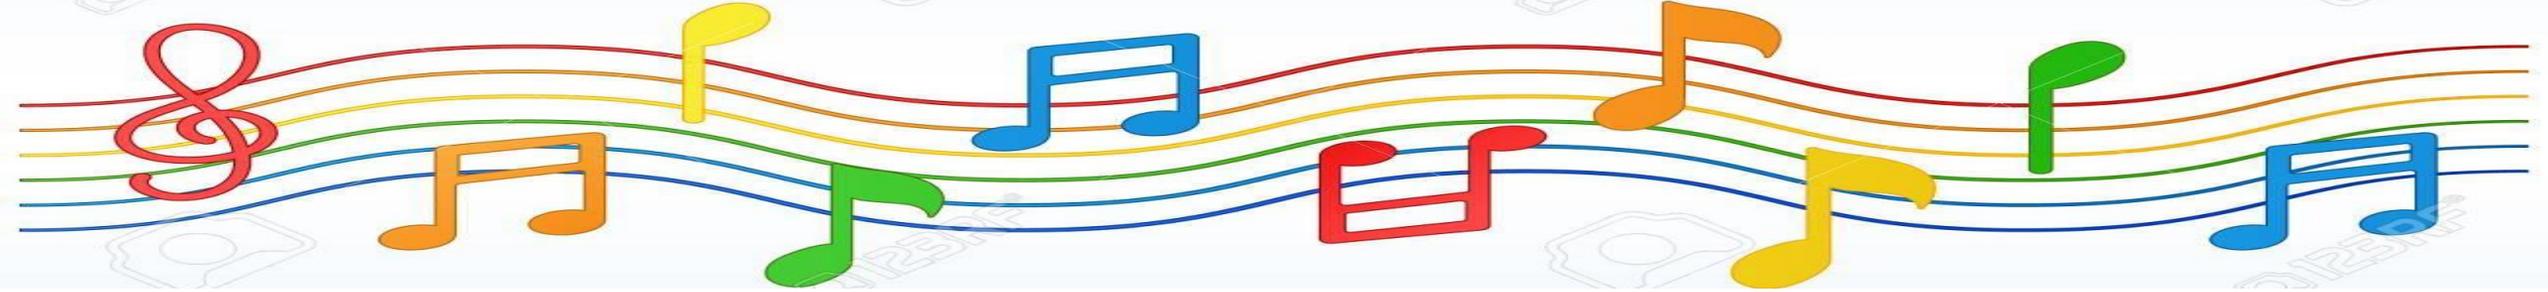

# RULES

## ✓ DCR OT POLICY DIRECTIVE #105.09

### ✓ Section IV: Receipt of Purchases, Fixed Assets, and Installation

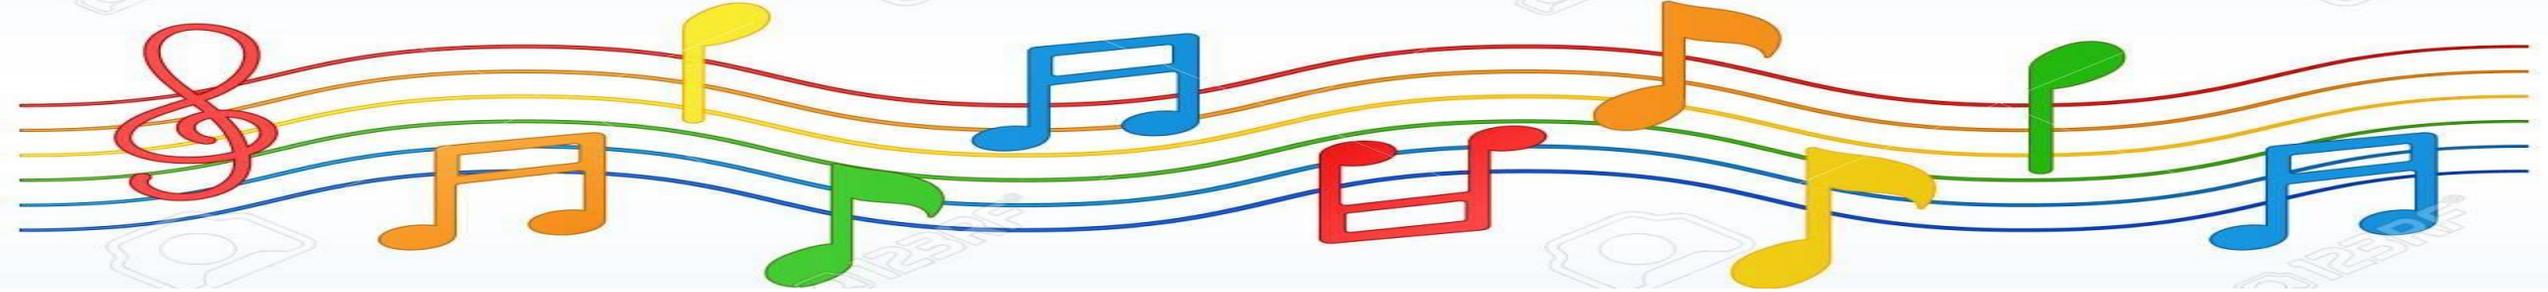

- A. All items purchased out of DCR OT funds will be shipped to the DCR Director of Technology/designee for proper inventory tagging and entry into the fixed assets system unless otherwise directed by the DCR Director of Technology/designee. These items will then be delivered to the requester with instructions on how to proceed with installation.
- A. Items purchased through facility or local unit funding can be shipped directly to the local unit/requester and tagged/entered into the fixed assets system onsite. The facility or local unit must then send asset tag and serial numbers for the purchased equipment to the DCR Director of Technology/ designee.

# *RULES*

- ✓ **Senate Bill # 352**
- ✓ DCR is exempt from WV Purchasing Division Surplus Property
- ✓ Created the DCR Surplus Property Fund
  - ✓ Assets can be sold – all monies go into this account
  - ✓ Monies in this account used for DCR Facility maintenance and repair

# RULES

✓ **DCR ASSET MANAGEMENT POLICY DIRECTIVE #122.01**

✓ Definitions:

**Accountability:** The obligation of each individual to retain control of all individually assigned assets.

**Asset or Assets:** All real and personal property, and all equipment, supplies and commodities.

**Asset Coordinator:** The DAS employee(s) who shall manage the assets in wOASIS.

**Cannibalization:** As it refers herein, taking parts from one or more assets to maintain or repair another asset.

# RULES

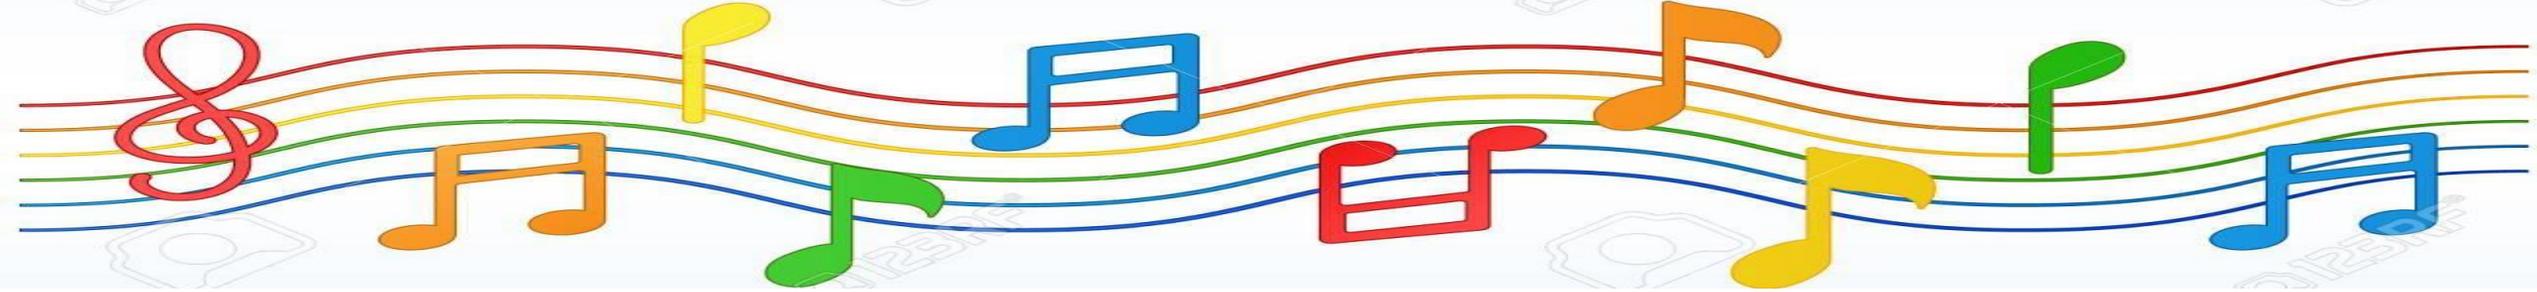

**Commodities:** Supplies, material, equipment, contractual services, and any other articles or things used by or furnished to a department, agency, or institution of state government.

**Expendable Property:** Items of supply that are consumed in use (e.g. soap, paper, batteries, etc.); lose their identity in a larger assembly (e.g. tires, fence posts, doors, etc.); or have a reasonably expected useful life of less than one (1) year.

**Inventory Coordinator:** Person(s) assigned at a facility or work unit to maintain a master inventory list.

**Inventory Control Tag:** The approved bar-coded tag that is assigned to each facility/work unit. The tag number will begin with alpha initials of the specific facility/work unit and is followed by a sequential number sequence.

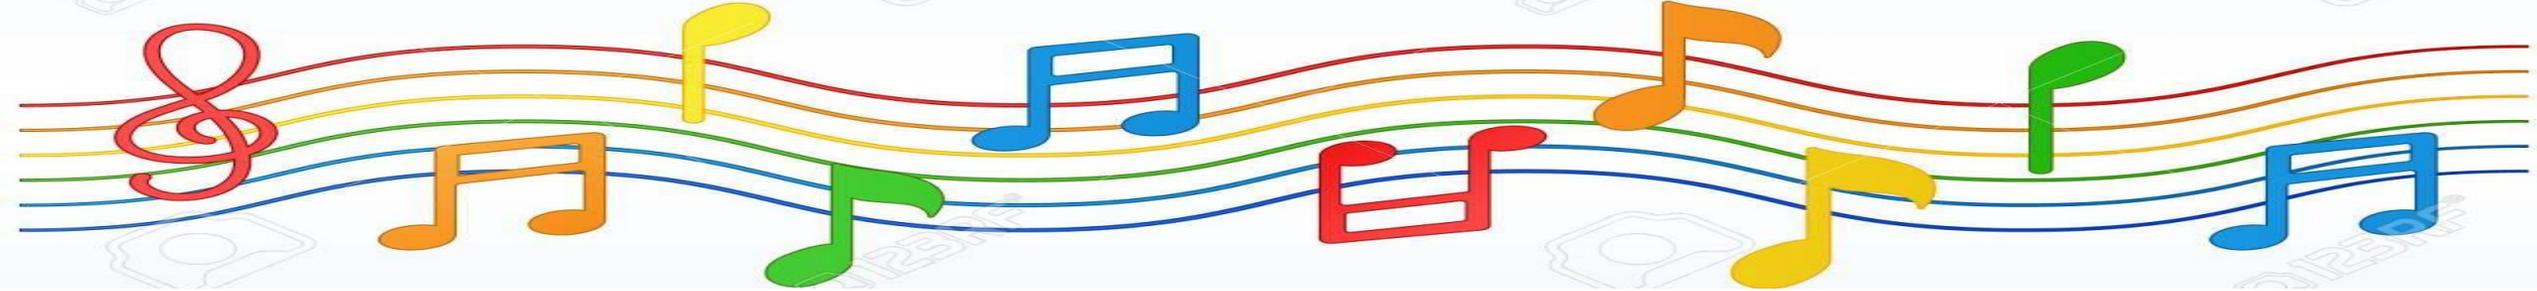

# RULES

**Master Inventory Spreadsheet:** DCR-INV-001 Form. The only approved form used to capture and track all necessary data concerning Reportable and Non-Reportable Property.

**Non-Reportable Property:** All property that retains their original identity during its useful life, and special items that may not meet the cost requirements but are considered sensitive enough to warrant special control (e.g. radios, furniture, electronic devices).

**Reportable Property:** All property with an original acquisition cost of five hundred dollars (\$500.00) or more and a useful life of one (1) year or more. An exception to this is all computer-type property and all lethal and non-lethal weapons shall be reported regardless of acquisition cost.

Reporting

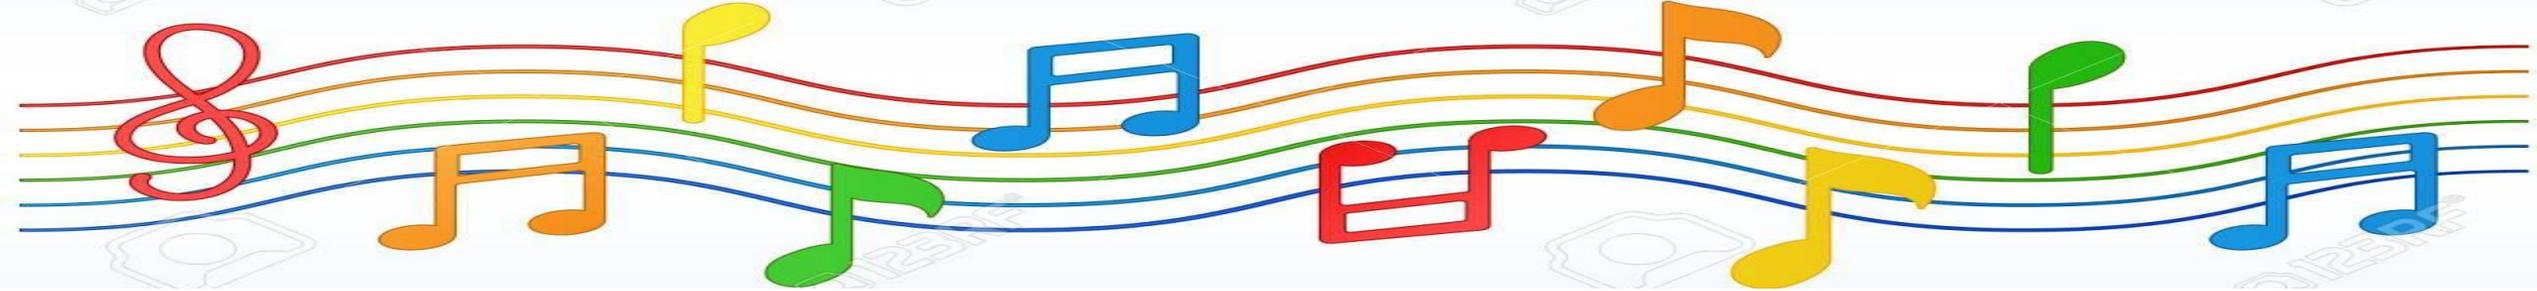

**ACTIVE  
INVOLVEMENT**

✓ **DCR facility/work unit Superintendents, Supervisors or Directors will:**

- Assign an Inventory Coordinator.
- Ensure that all property is safeguarded, serviceable condition, properly cared for, used and accounted for
- Ensure that no accumulations of property beyond amounts necessary.

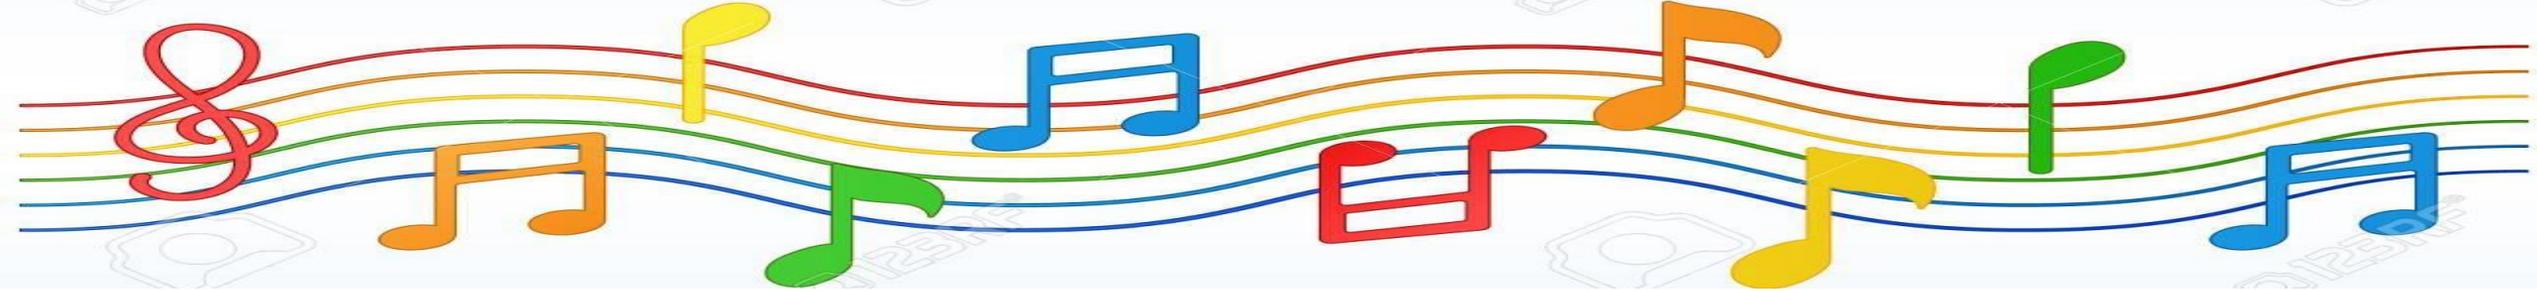

### ✓ Inventory Coordinator will:

- Monitor and control expendable property. This shall be accomplished through a perpetual inventory that adds items received and subtracts items removed each time a change occurs.
- Maintain a Master Inventory Spreadsheet list of all their assets.
- Enter assets into the Master Inventory Spreadsheet immediately following payment of invoice.
- Affix Inventory Control Tags to all Reportable and Non-Reportable Property.
- Establish and maintain accountability measures for common use property, such as logs.

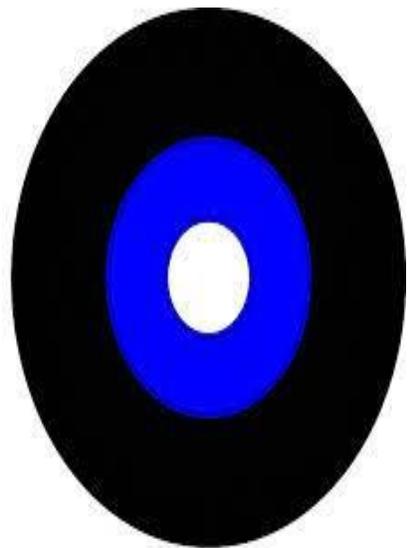

✓ **DAS has Asset Coordinators to:**

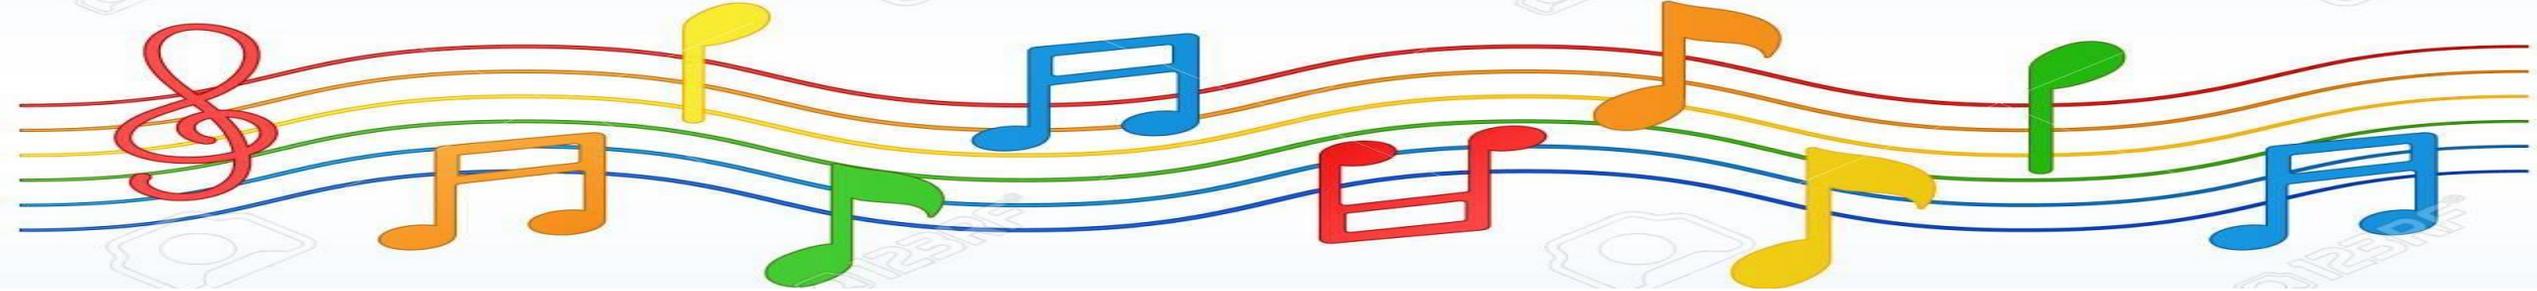

- Assist DCR on proper care and disposal of all state-owned assets
- Enter all commodities into wvOASIS within 30 days of vendor payment.
- Process all wvOASIS Fixed Asset documents necessary to maintain an accurate inventory for each facility/work unit.
- Supply all Inventory Control Tags to the facilities/work units as needed.
- Approve all asset Transfers, Retirements and Cannibalizations.

# RECEIVING

- When receiving in an asset, please review the packing slip and/or order form to ensure that the Serial number, make, model, quantity, etc. is correct
- Tag the asset with the approved Inventory Control Tag.
- DAS suggests that the asset be listed on the Master Inventory Spreadsheet at this time.
  - This allows DAS to view the Master Inventory Spreadsheet and see the Tag # and Serial # so that the SHEL document can be completed in wvOASIS.

# TAGGING

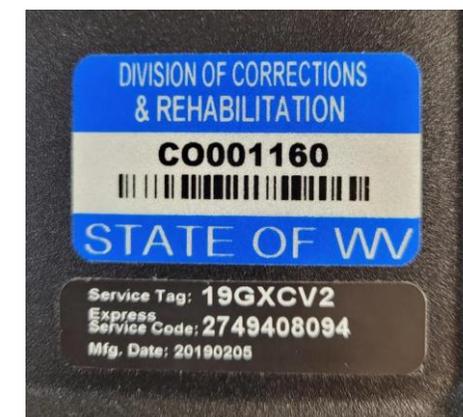

Using this hand-held scanner to scan the Inventory Control Tag and the item Serial Number will ensure more accurate data.

When scanned with the hand-held scanner, this tag will populate in the cell to read xxx1111

This tag is assigned when computer items are purchased by DCR Central Office. They are NOT to be replaced with a facility tag. When scanned with the hand-held scanner, this tag will populate in the cell to read COxx1111

# TAGGING

In certain cases, such as weapons and restraints, where it is not practical to affix an inventory control tag directly to the item, the Inventory Coordinator shall maintain the physical tag in a file folder or notebook. This file folder or notebook will include the actual tag, asset description, and the serial number. This asset shall also be entered into the Master Inventory Spreadsheet.

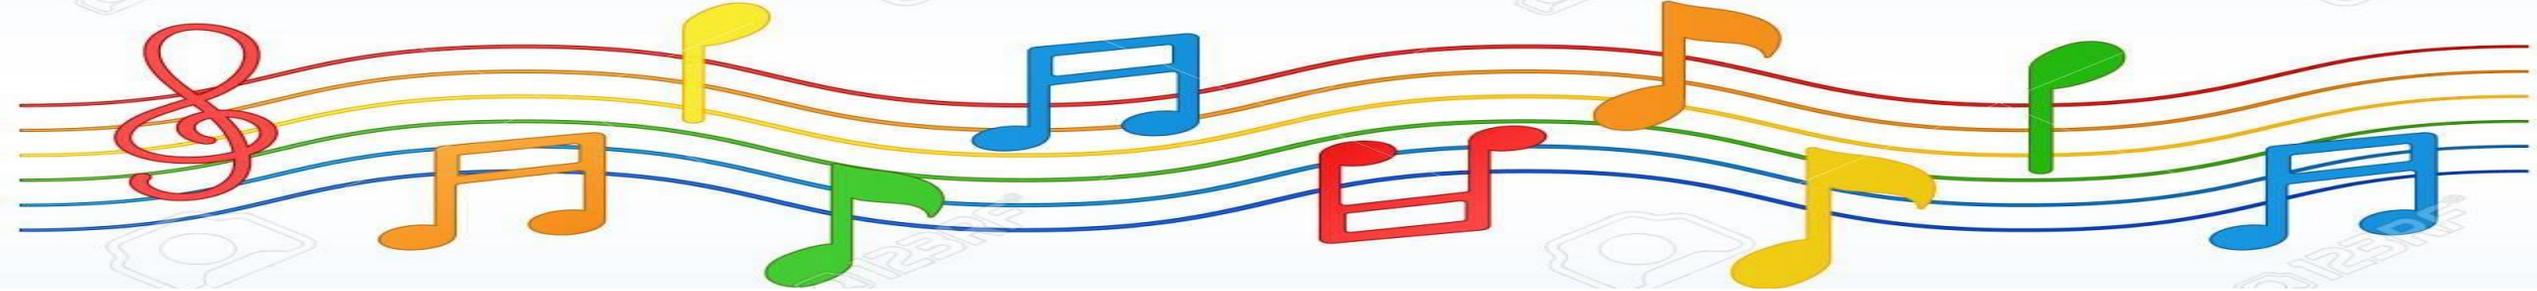

# RETIRING

Use **DCR-INV-003 ASSET RETIREMENT / TRANSFER FORM** to:

- Dispose, or Retire assets from your facility.
  - **Exception is computer related equipment**
- Easy to copy the asset data from the Inventory Spreadsheet into this form and then add the Physical Condition information.
- DAS must approve the DCR-INV-003 form and return it to the facility/work unit **BEFORE** disposal of the asset.

## Steps to retire / transfer using the DCR-INV-003 ASSET RETIREMENT / TRANSFER FORM: (used for all Dispositions EXCEPT OT items)

1. Enter the date, Facility Name, Facility Address, Specific Location of Equipment (same as above), Facility Inventory Coordinator Name, Telephone #
2. Under RECOMMENDED DISPOSITION METHOD section, select one method of disposition
3. If you are transferring the asset to another DCR facility, select Transfer To: and enter the facility name
4. Type / Copy the asset data from the Inventory Spreadsheet into this form and then add the Physical Condition information in the last column. **(do not sign the form at this time)**
5. Send the form to [DASAssets@wv.gov](mailto:DASAssets@wv.gov) for verification and approval.

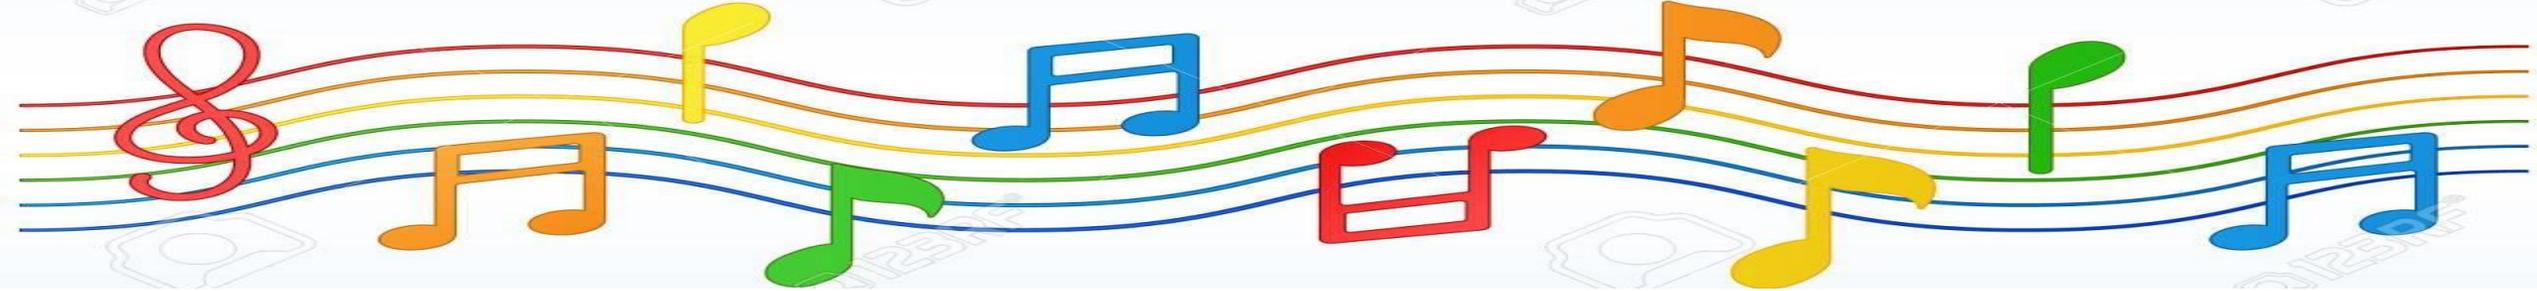

# RETIRING

## Steps to retire / transfer using the **DCR-INV-003 ASSET RETIREMENT / TRANSFER FORM**: (used for all Dispositions EXCEPT OT items)

6. DAS will verify the assets and create FD's for those assets in wvOASIS.
7. DAS must approve the DCR-INV-003 form and return it to the facility / work unit BEFORE disposal of the asset.
8. DAS sends the approved form back to you, once the items are gone/disposed of, sign the bottom of the form and send it back to [DASAssets@wv.gov](mailto:DASAssets@wv.gov) to validate completion of disposal.
9. DAS will edit the facility Inventory Spreadsheet to reflect the STATUS change from ACTIVE to RETIRED (or TRANSFERRED), enter the FD # or DCR-INV-003 form Retirement number, and the date retired. We will then change the font color to **RED** for the entire line.

# TRANSFERRING

Use DCR-INV-003 ASSET RETIREMENT / TRANSFER FORM

Select TRANSFER TO in the Method Section

Fill in the Receiving facility / work unit name

- All asset transfers **MUST** be approved by DAS Asset Management and the approved DCR-INV-003 form returned **BEFORE** an asset can be transferred.
  - This does not include moving assets within a facility/work unit.
- The Receiving facility/work unit shall sign the approved copy of the DCR-INV-003 form to verify receipt and submit the signed form back to DAS Asset Management.
- Both facilities/work units shall update their Master Inventory Spreadsheet.
- DAS Asset Management will update wvOASIS.
- The Receiving facility/work unit shall **NOT** retag the asset and shall always list the asset's original tag number.

# **RETIRING - OT**

Use WV103 **AND** the OT Spreadsheet FORM to:

- Retire all OT related assets
- Check the list of items that can be retired to OT
- List each item separately on the OT spreadsheet
- DAS Assets will review each item, and group them according to OT specifications.
- DAS Assets will send you a revised, approved copy.

## RETIRE TO OT – REGARDLESS OF CONDITION

Computers – Towers, Laptops  
 Tablets & I-Pads (unlocked or password provided)  
 Monitors – LCD  
 Servers  
 Copiers – Standalone & Network  
 Printers – Desktop, Multi-Function and Network  
 Fax Machines  
 Scanning Devices  
 Laptop Batteries  
 Network Routers  
 Network Switches  
 Hard Drives - Any Size  
 Internal DVR/DVD Readers/Writers - with hard drives  
 Internal CD Readers/Writers/Players  
 Polycom  
 Security Cameras with Recorder

Cell Phones (unlocked or password provided) - Retire as 1 Lot\*  
 All Phones\* & Phone Switches  
 Magnetic Tape Devices - Any type  
 Mag Tapes  
 Medical Equipment - No BIO hazards & w/internal memory  
 Mailing Equipment/Scanners w/internal memory  
 Keyboards, Mice and Docking Stations – Retire as 1 Lot\*  
 Floppy Discs  
 Cords & Cables for computers  
 All Cameras/Video Equipment  
 Bar Code Readers/Scanners  
 Credit Card Machines  
 Plotters or Map Printers  
 Firewalls  
 GPS

All items need to be sent in with the power cord that enables it to operate unless it is the normal 3-prong that is used on desktops. Cell phones, printers, or anything that requires a “special cord” should also have that cord sent with it.

All assets need a serial and tag number. Exceptions – keyboards, mice and phones (cell and desk phones).

## RETIRE TO SURPLUS PROPERTY – FAIR TO GOOD OR WORKING CONDITION

Smartboards  
 Projectors  
 Microfiche  
 Typewriters and Calculators  
 Shredders  
 UPS/APC Battery Backups  
 Cords & Cables – Not for computers  
 Flat Screen Televisions Only  
 Time Stamp Machines

Medical Equipment - No internal memory  
 Dictaphones  
 DVD/VCR Players – Attaches to TV  
 Ink & Toner Cartridges – Unopened  
 Batteries, car, etc. (not laptops)  
 Laptop Cases  
 Label Makers (Hand-Held)  
 Mailing Equipment – No memory

If the asset is on this list, then it **MUST** be retired to OT.

If the asset is on this list, then it **MUST** be retired to OT but only if its in **GOOD** or **FAIR** condition. If it is **BROKEN** then we will use the **Dispose As Waste** option on the **DCR-INV-003** form.

# RETIRING - OT

## Steps to retire OT equipment using the wv-103 form and the OT Spreadsheet:

1. Complete both forms as instructed and then email both to [DASAssets@wv.gov](mailto:DASAssets@wv.gov).
2. DAS Assets will review all items for accuracy, process the FD's in wvOASIS if necessary, complete Column OASIS FD or WV-103#, and group like items together as 1 box of \_\_\_ as OT requests.
3. DAS Assets will send this new version back to both you and OT.
4. OT will approve the form and then mail OT Retirement Tags directly to you.
5. When you receive the OT Retirement Tags, you will place one tag on each item and then type the OT Retirement Tag # beside of the item on the OT spreadsheet. **NOTE:** if you have 1 box of 10 monitors then you will affix **ONE** OT Retirement tag to the one box.
6. Email the OT Spreadsheet back to [DASAssets@wv.gov](mailto:DASAssets@wv.gov) and to [Erecycle@wv.gov](mailto:Erecycle@wv.gov).
7. OT will contact you with a scheduled pick-up date and time.
8. Once items are picked up and OT completes the retirement, DAS Assets will update your Master Inventory Spreadsheet to reflect Status is RETIRED, document # and Retirement Date.

# CANNIBALIZING

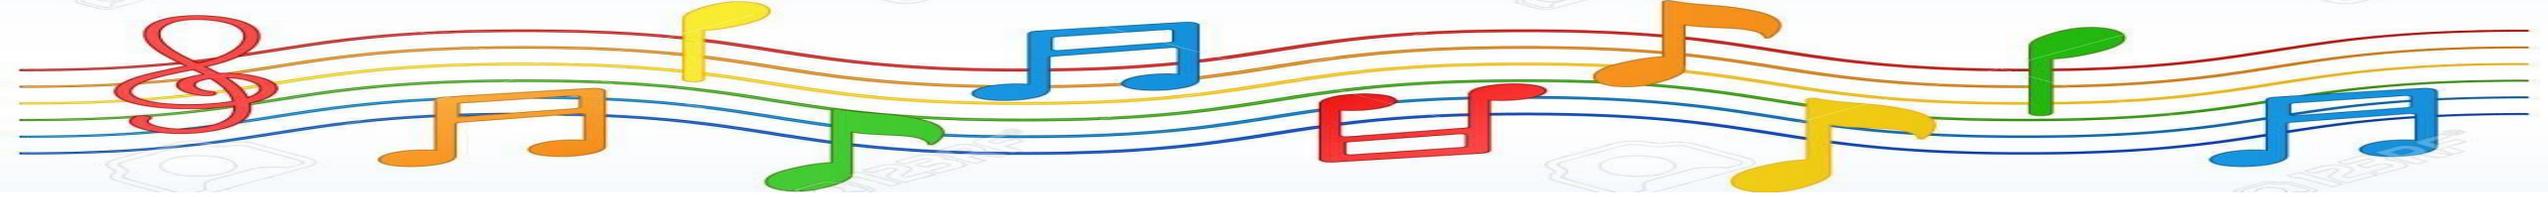

- Permitted pursuant to DCR Asset Management procedures.
- Inventory Coordinator contacts DAS Asset Management with the following information:
  - Assets inventory control tag number
  - Description of the asset
  - Is asset operable, and if so, how well it operates.
  - Who will cannibalize the asset and how the person is qualified to remove and reinstall the parts.
- DAS Asset Management shall provide guidance on the proposed cannibalization in accordance with state code requirements.

- For Inventory at your facility, click the drop down in the Assign To column.
- Click on CLEAR to uncheck all names.
- In the Search box, type the name of the person you want to inventory and then click on that name to put a check mark.
- Click OK

The screenshot shows a Google Sheets filter menu for the 'ASSIGNED TO' column. The menu options are: Sort A → Z, Sort Z → A, Sort by color, Filter by color, Filter by condition, and Filter by values. The 'Filter by values' option is selected, and a search box contains the name 'Mandy'. Below the search box, the name 'Mandy Parsons' is listed with a checkmark next to it. At the bottom of the menu are 'Cancel' and 'OK' buttons. The background shows a spreadsheet with columns for 'Dept/Area', 'Room', and 'ASSIGNED TO', and rows for 'Assets', 'Cage', and 'basement'.

## FILTERING ON GOOGLE SHEET: HELPFUL HINTS

- To remove a filter, you can click SELECT ALL in that columns drop down menu and it will list all items again **OR** you can go up to the main menu bar, click on Filter. All drop downs will be removed from the spreadsheet. All Data on the Spreadsheet will be viewable.
- Check for spelling errors using the Filters. **Example:** Mandy Parsons and Mandie Parsons are both in the Assigned To column but its one and the same person. You will need to correct the spelling of Mandie to Mandy so that it filters as one person. You can check each column to ensure that there is nothing odd listed.

The end of the excel file gives you a summary.

I usually would delete Rows 611, 612 and 613 because there are merged cells in these lines of the summary and it makes it difficult when filtering later.

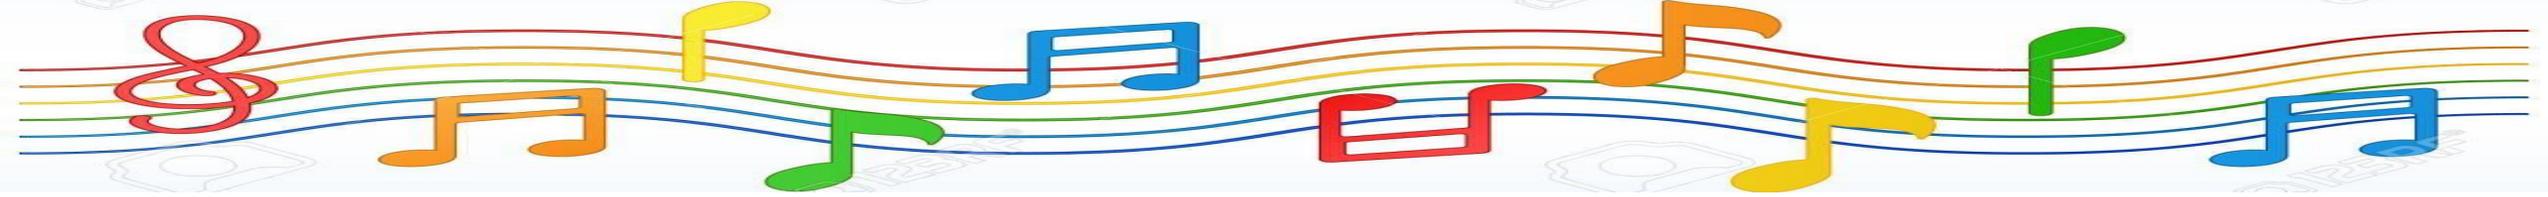

## wvOASIS WV-FIN-AM-020 ASSETS BY CUSTODIAN

Everything on this Excel report SHOULD BE on your Master Inventory Spreadsheet

- Exceptions can be Firearms, Non-Lethal Weapons and Land

Firearms and Non-Lethal Weapons are being tracked and monitored by the Armory at your facility and then by DCR Security Director. I do not see the need in you trying to keep track of the same assets on your spreadsheet.

# wvOASIS ASSETS NOT ACCOUNTED FOR

- Items in wvOASIS that are not on anyone Master Inventory Spreadsheets.
- DAS Assets is asking questions to solve where these items are.  
**PLEASE HELP US!!!**
- We need to validate that the asset is no longer at a facility, but we do not know how or when it was disposed of.
- We can remove it from wvOASIS by Disposal as **LOST**.
- **LOST** is usually a **BULLSEYE** on our backs to Auditors, so we want to use this option sparingly.
- If we are going to retire an asset as LOST, we will need to complete a form for that specific asset.
