Licensing Board

A copy of this license must be readily available for inspection by the Board on every job site where contracting work is being performed. This license number must appear in all advertisements, on all bid submissions, and on all fully executed and binding contracts. This license is non-transferable. This license is being issued under the provisions of West Virginia Code, Chapter 30, Article 42.

STATE OF WEST VIRGINIA
PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL CONTRACTS: Under W. Va. Code § 15A-3-14, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code § 61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.

Continental Care Product Warranty for Drying Tumblers

PRO-SERIES II, EXPRESSDRY & E-SERIES MODELS

Revised May 2012 (Starting Serial Number by Model Available Upon Request)

I. What this Limited Warranty Covers and For How Long

Continental Girbau, Inc. (Continental), Oshkosh, WI 54904 extends this limited warranty to the original owner (Purchaser), or by factory authorized warranty transfer to a new owner, of a Continental Girbau brand drying tumbler (Equipment).

Continental will repair or replace, free of charge, any part on serial numbered products which fails as a result of a defect in material or workmanship for a period of three years (36 months) after the date of original installation. If the date of installation of the Equipment cannot be definitely determined, the date of installation shall be deemed to be 90 days after the date of sale by Continental to the Purchaser.

- For all new replacement parts, the remaining term of the limited warranty of the Equipment to which the parts are incorporated or one year (12 months) from the date of sale of the parts, whichever time period is greater.

II. What this Limited Warranty Does Not Cover

- Continental will not provide a replacement of any part which fails for reasons other than defective material or workmanship. This includes, but is not limited to, failure as a result of abuse, misuse, improper installation and transportation damage.
- Continental will not honor this warranty for parts which have been altered without the written consent of Continental's President or if parts have been altered in any way, so as in the judgement of Continental, to adversely affect the stability or reliability of the Equipment or parts.
- Continental will not honor this warranty if parts from a manufacturer other than Continental have been incorporated on the equipment or if parts have been incorporated which have not been purchased from Continental.
- Continental will not pay labor and transportation charges incurred in the replacement of any part.
- Continental is not responsible for clothing or machine damage caused by foreign objects placed in unit.
- Continental is not responsible for any consequential damage resulting from any malfunction.
- Continental shall not be responsible for, and rejects liability for, any part failure if such failure is due to an act of God, natural disaster, vandalism, intentional infliction of damage or dereliction.
- Continental shall not be responsible for freight or transportation costs of any part covered under the terms of the product warranty.
- Continental does not cover any delay in repair or replacement of defective parts, loss of use, lost time or profits.

III. How to Obtain Replacement Parts Under this Limited Warranty

For warranty service, Purchaser shall contact the distributor from which the equipment or part was originally purchased or the nearest Continental distributor. In the event that the Purchaser is unable to make contact with a Continental distributor, the Purchaser shall contact Continental directly. Proof of purchase, model number, serial number and the defective part (part return-USA only) are required in order to obtain credit.

Important: Outside the USA this limited warranty may not be applicable. Consult your authorized Continental Girbau distributor or route operator regarding the applicability, if any, of warranty coverage to you.

THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR USE AND ALL OTHER OBLIGATIONS OR LIABILITIES ON CONTINENTAL'S PART. CONTINENTAL NEITHER ASSUMES NOR AUTHORIZES ANY OTHER PERSON TO ASSUME FOR CONTINENTAL ANY OTHER LIABILITY IN CONNECTION WITH THE SALE OF THE EQUIPMENT AND PARTS. THIS LIMITED WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES AND PURCHASER HEREBY WAIVES ALL OTHER REMEDIES, WARRANTIES, GUARANTEES OR LIABILITIES, EXPRESS OR IMPLIED, ARISING BY LAW OR OTHERWISE (INCLUDING WITHOUT LIMITATION ANY OBLIGATIONS OF CONTINENTAL WITH RESPECT TO FITNESS, MERCHANTABILITY, INCIDENTAL DAMAGES AND CONSEQUENTIAL DAMAGES) OR WHETHER OR NOT OCCASIONED BY CONTINENTAL'S NEGLIGENCE. THIS WARRANTY SHALL NOT BE EXTENDED, ALTERED OR VARIED EXCEPT UPON THE PRIOR WRITTEN INSTRUMENT SIGNED BY CONTINENTAL GIRBAU INC.'S PRESIDENT.

POWER OF ATTORNEY

RLI Insurance Company Contractors Bonding and Insurance Company

9025 N. Lindbergh Dr. Peoria, IL 61615
Phone: 800-645-2402

Know All Men by These Presents:

That this Power of Attorney is not valid or in effect unless attached to the bond which it authorizes executed, but may be detached by the approving officer if desired.

That **RLI Insurance Company and/or Contractors Bonding and Insurance Company**, each an Illinois corporation, (separately and together, the "Company") do hereby make, constitute and appoint:

Assuntina Lavelle, Christine A. Kleintop, Jill Anne Lucey, John T. Gaugler III, Victoria L. Kucher, Kaleigh R. Romano, Laura M. Tsangeos, Deborah Allen, Marc A. McTeague, Linda Patrick, David P. Wilson, Michael Coolman, Patrick Reade, Donna Welk, Tracy Murray, Lynne Murray, Stacey Balmatau, David Kerr, Brian Tornow, Yvonne Kinney, Mara Simicevic, Karen Barber, Aida Molnar, Kellie Clark, Pamela Krenzel, jointly or severally

in the City of Westlake, State of Ohio its true and lawful Agent(s) and Attorney(s) in Fact, with full power and authority hereby conferred, to sign, execute, acknowledge and deliver for and on its behalf as Surety, in general, any and all bonds and undertakings in an amount not to exceed Twenty Five Million Dollars (\$25,000,000.00) for any single obligation.

The acknowledgment and execution of such bond by the said Attorney in Fact shall be as binding upon the Company as if such bond had been executed and acknowledged by the regularly elected officers of the Company.

RLI Insurance Company and/or Contractors Bonding and Insurance Company, as applicable, have each further certified that the following is a true and exact copy of a Resolution adopted by the Board of Directors of each such corporation, and is now in force, to-wit:

"All bonds, policies, undertakings, Powers of Attorney or other obligations of the corporation shall be executed in the corporate name of the Company by the President, Secretary, any Assistant Secretary, Treasurer, or any Vice President, or by such other officers as the Board of Directors may authorize. The President, any Vice President, Secretary, any Assistant Secretary, or the Treasurer may appoint Attorneys in Fact or Agents who shall have authority to issue bonds, policies or undertakings in the name of the Company. The corporate seal is not necessary for the validity of any bonds, policies, undertakings, Powers of Attorney or other obligations of the corporation. The signature of any such officer and the corporate seal may be printed by facsimile."

IN WITNESS WHEREOF, the **RLI Insurance Company and/or Contractors Bonding and Insurance Company**, as applicable, have caused these presents to be executed by its respective Vice President with its corporate seal affixed this 9th day of October, 2023.

BID BOND

KNOW ALL MEN BY THESE PRESENTS, That we, the undersigned, ADVANTAGE EQUIPMENT, INC.
of 1056 HOME AVE., AKRON, OH 44310, as Principal, and RLI INSURANCE
of 9025 N.LINDBERGH DR., PEORIA, IL, a corporation organized and existing under the laws of the State of IL
with its principal office in the City of PEORIA, as Surety, are held and firmly bound unto the State
of West Virginia, as Oblige, in the penal sum of AMOUNT OF BID SUBMITTED (\$) for the payment of which,
well and truly to be made, we jointly and severally bind ourselves, our heirs, administrators, executors, successors and assigns.

The Condition of the above obligation is such that whereas the Principal has submitted to the Purchasing Section of the
Department of Administration a certain bid or proposal, attached hereto and made a part hereof, to enter into a contract in writing for
2x COMMERCIAL DRYERS FOR CORRECTIONAL CENTER - EASTERN REGIONAL JAIL

NOW THEREFORE,

- (a) If said bid shall be rejected, or
- (b) If said bid shall be accepted and the Principal shall enter into a contract in accordance with the bid or proposal
attached hereto and shall furnish any other bonds and insurance required by the bid or proposal, and shall in all other respects perform
the agreement created by the acceptance of said bid, then this obligation shall be null and void, otherwise this obligation shall remain in
full force and effect. It is expressly understood and agreed that the liability of the Surety for any and all claims hereunder shall, in no
event, exceed the penal amount of this obligation as herein stated.

The Surety, for the value received, hereby stipulates and agrees that the obligations of said Surety and its bond shall be in no
way impaired or affected by any extension of the time within which the Oblige may accept such bid, and said Surety does hereby
waive notice of any such extension.

WITNESS, the following signatures and seals of Principal and Surety, executed and sealed by a proper officer of Principal and
Surety, or by Principal individually if Principal is an individual, this 16th day of OCTOBER, 2023

DRYING TUMBLERS FOR ON-PREMISE LAUNDRIES

LINT COMPARTMENT MUST BE CLEANED DAILY

PRO|SERIES II™

Pro-Series II Dryers are engineered for the ultimate in efficiency, programmability and ease-of-use. Complete with properly balanced airflow, heat input and cylinder volume, the Pro-Series II line delivers high-quality results and features that dramatically increase laundry production and extend linen life.

Pro-Series II Drying Tumblers are designed with quality components, easy-to-use programmable controls and unique features that reduce linen loss, ensure safety and boost laundry throughput. Durably constructed for years of constant use, Pro-Series II Drying Tumblers work in concert with Continental washer-extractors and are backed by an industry leading factory warranty.

PRODUCTIVITY & EFFICIENCY REDEFINED

ENERGY-EFFICIENCY

Several key features contribute to heightened energy-efficiency on Pro-Series II Dryers, including instant electronic spark ignition; a modular electrical system for added reliability and easy servicing; and a multiple burner heat system to efficiently and quickly reach desired temperatures. Pro-Series II delivers quick drying thanks to carefully balanced heat energy input and airflow. Perfectly balanced airflow prevents extra wear on fabrics and cuts drying time. The heat system is enclosed thereby capturing intake air and preheating it before entering the tumbler — reducing energy costs without increasing dry time.

CUT OWNERSHIP COSTS WITH PRO-SERIES II

Engineered for quick drying and efficiency, Pro-Series II Dryers balance drying time and BTU consumption to reduce energy usage and labor costs. Simultaneously, they maximize laundry throughput by reducing dry cycle times to more closely match wash cycle times. While most dry cycles run 30 percent longer than wash cycles, Pro-Series II Dryers dry laundry more quickly — improving productivity.

By reducing dry cycle times to match wash cycle times, laundries operate at top efficiency and throughput. Pro-Series II Dryers balance quick drying with energy-efficiency for unmatched results and a reduction in costs.

ERGONOMIC & EASY TO MAINTAIN

Ergonomic and easy to maintain, Pro-Series II Dryers feature self-cleaning lint screens that support maximum airflow. Further contributing to ease of maintenance are conveniently accessible components and an automatic backdraft damper to prevent outside air from entering the laundry room. Because ergonomics matter, the tumblers feature oversized steel doors with reinforced metal door bars and hinges — simplifying loading and unloading!

COMPACT DESIGN OF CG55-65

The Pro-Series II compact CG55-65 tumbler fits through a standard 36-inch door, takes up less space and offers more drying capacity than most 50-pound capacity drying tumblers! At 34.5 inches in width, the CG55-65 tumbler is super-slim so it fits into smaller spaces. Yet, thanks to innovative engineering, it also offers big capacity and productivity!

DUAL MOTORS

OVERSIZED LINT COMPARTMENT

UNMATCHED DURABILITY

Durability characterizes Pro-Series II. The tumblers feature rugged cylinders; dual motors with overload protection; steel front, side and top panels coated inside and out with electrostatically applied, baked-on paint for superior bonding and corrosion resistance; an all-belt drive system with cast iron pulleys and permanently sealed bearings for quiet, low-maintenance operation; and durable kick-plates and cart bumpers to protect tumblers from nicks and scrapes.

An exclusive annealed stainless steel backplate (standard on all models except CG115-25, CG165-75 and CG195-205) contributes to longer machine life and also reduces friction against tumbling laundry — extending linen life.

ENGINEERED FOR HIGH PERFORMANCE

AXIAL AIRFLOW FOR SMALL-LOAD EFFICIENCY

CG20-30, CG30-40 & CG55-65 MODELS

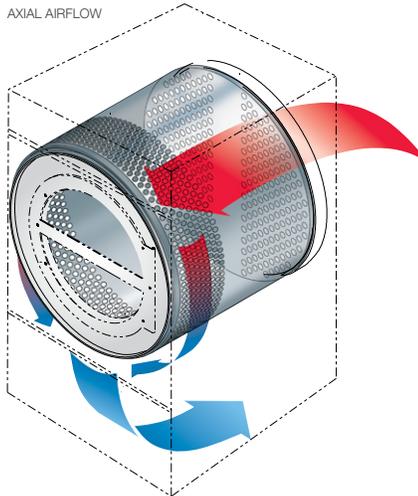

Pro-Series II small-capacity dryers feature axial airflow, a system that directs heated air through the load from back to front. Perforated cylinders and drum lifters maximize airflow and tumbling action while also preventing tangling. The result is fast and efficient drying — exactly what on-premise laundries want!

RADIAL AIRFLOW FOR LARGER LOADS

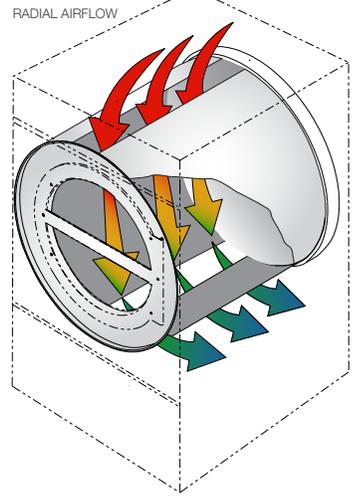

CG50-60, CG75-85, CG115-25, CG165-75 & CG195-205 MODELS

Pro-Series II large-capacity drying tumblers are designed with radial airflow — a system that captures heated intake air and distributes it evenly throughout the cylinder. Radial airflow ensures maximum load separation for big loads and bulky items and utilizes the tumbler's complete capacity for quick, even drying. As heated air is released from the bottom of the basket, liners, which are rotated from the bottom to the top, fall and separate throughout the entire cylinder. Simultaneously, heated air is pushed through and around the load — eliminating hot spots.

AXIAL AIRFLOW

RADIAL AIRFLOW

IMPORTANCE OF SAFETY

ISS FIRE SENSING & EXTINGUISHING

Continental understands the importance of safety. That's why we've equipped Pro-Series II dryers with an optional Integrated Sprinkler System (ISS), a sensing and extinguishing device that squelches dryer fires before they get out of control. ISS, which is available on gas and steam units, is always active — even after a load is complete — offering laundries added protection when a laundry is unattended. If ISS sensors detect a fire inside the dryer drum, the drum rotates and distributes water vapor — saturating laundry and extinguishing the fire. ISS continues to monitor the condition of the dryer and restarts if fire is again detected.

INNOVATIVE TECHNOLOGY & CONTROL FLEXIBILITY

Pro-Series II Dryers offer two programmable controls - the Dual Digital Control or the Microprocessor Control.

DUAL DIGITAL CONTROL AVAILABLE ON ALL MODELS

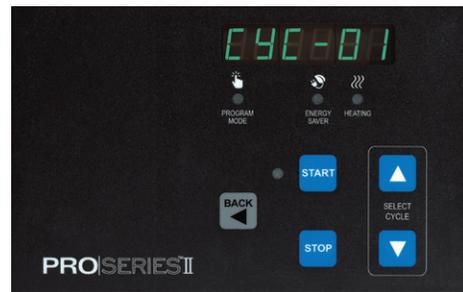

The Dual Digital Control is simple to use, efficient and reliable. It allows the operator to choose one of four temperature selections, heat and cool down cycle time and a single push-to-start operation.

MICROPROCESSOR CONTROL AVAILABLE ON ALL MODELS

Continental's Microprocessor Control is designed for greater flexibility and efficiency. Equipped with a multitude of features, the control offers up to 20 programmable cycles; a reminder to clean the lint screen; an anti-wrinkle and extended tumble feature that initiates unheated tumble action after the end-of-cycle signal to reduce the occurrence of wrinkles in unattended loads; an external end-of-cycle output to aid attendants in noticing when a load is complete; and auditing information on the display. With multiple programmable cycle types — time-dry, auto-dry or Continental's moisture sensing drying (optional on CG20-30 through CG75-85, standard on CG115-25, CG165-75 and CG195-205) — Pro-Series Dryers offer the ultimate in drying technology and load management control.

DUAL DIGITAL CONTROL

MICROPROCESSOR CONTROL

MOISTURE SENSING TECHNOLOGY

STANDARD — CG20-30 THROUGH CG75-85; OPTIONAL — CG115-25, CG165-75, CG195-205

Continental's Linen Life Extension (LLE) moisture sensing system is very reliable and extremely accurate. Featuring 20 programmable cycles with up to 12 programmable dryness levels and additional programmable heat time, LLE can target any dryness level from zero to 40 percent. To ensure accurate moisture readings, the LLE system provides an extremely large load-to-surface contact area. Unlike some moisture sensing systems available, Continental's LLE system uses the entire surface area of the lifters within the dryer cylinder as sensors. This increase in load contact surface area provides extremely accurate moisture readings. When the load has reached its preset target level of dryness, the control shuts the dryer off — saving energy, time and labor. The result? Dry good experience less damage with up to 31 percent less fiber loss. LLE effectively reduces over drying, resulting fabric damage and cuts energy and labor costs.

CONTINENTALCARE | 3-YR LIMITED PARTS WARRANTY
BUY WITH COMPLETE CONFIDENCE

Durably constructed for years of constant use, Pro-Series II Drying Tumblers are backed by an industry-leading 3-year ContinentalCare warranty.

CONTINENTAL GIRBAU INC. & GIRBAU GROUP

Continental Girbau Inc. (Continental) was established in 1995 as the North American subsidiary of the commercial laundry equipment manufacturer, Girbau Group, headquartered in Vic, Spain. Family owned, Girbau employs more than 600 people throughout its corporate headquarters in Vic and 15 subsidiaries throughout the world. It markets its industrial and commercial laundry products to more than 90 countries worldwide.

THE TOTAL LAUNDRY SOLUTION

Continental delivers the total laundry solution to vended, on-premise and industrial laundries throughout North America. As the provider of highly efficient batch tunnel washers, washer-extractors, drying tumblers, feeders, ironers, folders and related machinery, Continental serves the complete laundry production and efficiency needs of virtually any application. Proven durable and reliable, Continental laundry systems are engineered for unrivaled productivity, efficiency and ease of use.

OUR MISSION: YOUR SUCCESS

Continental's mantra – "Our Mission: Your Success" – reflects the company's commitment to its distributors and customers. We offer robust laundry systems backed by unrivaled customer care.

SIZING & CONFIGURATION

Every laundry operation is unique, with a distinctive set of production and efficiency goals. Uniquely, Pro-Series Drying Tumblers offer the flexibility and programmability to meet any need – boosting production and lowering labor and utility usage. Continental's team of experts work closely with facilities to properly size equipment for improved laundry room efficiency and productivity.

FINANCING

Financing allows you to retain full ownership of your business and its assets while helping to preserve your cash, liquidity and revolving lines of credit for emergency use, working capital and other investments. Through CustomSelect™ Financing, Continental Girbau offers flexible financing and competitive fixed rates to all qualifying applicants.

ENVIRONMENTALLY FRIENDLY

Continental laundry products meet rigorous environmental and safety standards established by the International Organization for Standardization (ISO), including ISO9001 and ISO14001. Ever focused on laundry efficiency, Continental Girbau is a member of the U.S. Green Building Council (USGBC), a 501(c)(3) nonprofit that developed the Leadership in Energy and Environmental Design (LEED) Green Building Rating System.
