

ADDITIONAL INFORMATION

The West Virginia Department of Homeland Security - Division of Administrative Services, on behalf of the West Virginia Division of Corrections and Rehabilitation or agency, is soliciting bids to establish an open-end contract for Security Cameras and Equipment. The equipment will be located at WDCR facilities throughout the State of West Virginia. The cameras, NVR's and related equipment listed in this RFQ are required to maintain our current infrastructure and the equipment must be compatible to support our current infrastructure, with no additional cost to the state.

GENERAL LIABILITY

Under Who Is An Insured, the following provision is added.

Who Is An Insured**Additional Insured -
Scheduled Person
Or Organization**

Persons or organizations shown in the Schedule are **insureds**; but they are **insureds** only if you are obligated pursuant to a contract or agreement to provide them with such insurance as is afforded by this policy.

However, the person or organization is an **insured** only:

- if and then only to the extent the person or organization is described in the Schedule;
- to the extent such contract or agreement requires the person or organization to be afforded status as an **insured**;
- for activities that did not occur, in whole or in part, before the execution of the contract or agreement; and
- with respect to damages, loss, cost or expense for injury or damage to which this insurance applies.

No person or organization is an **insured** under this provision:

- that is more specifically identified under any other provision of the Who Is An Insured section (regardless of any limitation applicable thereto).
- with respect to any assumption of liability (of another person or organization) by them in a contract or agreement. This limitation does not apply to the liability for damages, loss, cost or expense for injury or damage, to which this insurance applies, that the person or organization would have in the absence of such contract or agreement.

Liability Endorsement
(continued)

Conditions

Under Conditions, the following provision is added to the condition titled Other Insurance.

**Other Insurance –
Primary, Noncontributory
Insurance – Scheduled
Person Or Organization**

If you are obligated, pursuant to a contract or agreement, to provide the person or organization shown in the Schedule with primary insurance such as is afforded by this policy, then in such case this insurance is primary and we will not seek contribution from insurance available to such person or organization.

Schedule

Persons or organizations that you are obligated, pursuant to a contract or agreement, to provide with such insurance as is afforded by this policy.

All other terms and conditions remain unchanged.

850VA 450W 120V Standby UPS - 5 NEMA 5-15R Outlets (Surge + Battery Backup), 5-15P Plug, Desktop

MODEL NUMBER: BC850R

Low-maintenance standby UPS provides battery backup and surge protection for retail point-of-sale, home networks and wireless access points.

Features

850VA/450W/120V Battery Backup for PCs and Retail Point-of-Sale Applications

The BC850R standby UPS system provides reliable battery backup and AC power protection against blackouts, brownouts, overvoltages, surges and line noise for computing, networking and point-of-sale equipment in retail, kiosks, food service, and light industrial environments. It's easy to set up in minutes. Just plug the BC850R into a properly grounded wall outlet, press the power button and connect equipment to the UPS outlets. For easy access, the input power cable, outlets, power button and status LEDs are all on the same side.

Allows Time to Back Up Critical Files During a Blackout

During short blackouts and brownouts, the BC850R switches to battery power to keep connected equipment running. This allows you enough time to save data and complete a safe shutdown in case of a longer outage. Incoming utility power keeps the user-replaceable VRLA battery fully charged, so backup power is always available. The BC850R restarts automatically once power is restored, regardless of battery charge level, saving you a costly site visit.

Premium Protection from Surges and Line Noise Helps Your Equipment Perform Better

Rated for 190 joules of surge suppression, the BC850R and its five NEMA 5-15R outlets protect connected devices from the harmful effects of power surges. The BC850R also filters out disruptive electromagnetic interference (EMI) and radio frequency interference (RFI) that can complete a safe shutdown.

Easy Preventative Maintenance and Initial Troubleshooting

The BC850R's self-test capability and user-replaceable internal battery can extend the life of the UPS and minimize disruption to operations. A resettable circuit breaker helps prevent dangerous system overloads.

Audible Alarm and Diagnostic LEDs Keep You Informed 24/7

An audible alarm and a red LED indicate a low battery or fault condition. A green LED indicates power and line/battery mode status.

Hardened Housing Compatible with Versatile Deployment Options

The rugged compact housing allows use in locations with uncontrolled temperature or humidity (operating temperature range: 32° to 122° F / 0° to 50° C). The BC850R's small size is suitable for desktop or floor

Highlights

- Low-maintenance UPS sets up in minutes to start backing up your equipment
- Keeps power running during brief outages to allow time for safe system shutdown
- Protects up to 5 devices against outages, brownouts, overvoltages, surges and line noise
- Automatically restarts when power is restored, saving you a costly site visit
- Recommended for locations where temperatures range within 32° and 122° F
